附件：如文

台灣醫療暨生技器材工業同業公會
收 106.09.07 文
檔號：106641

主旨：有關本（106）年10月2日「臺加數位醫療合作研討會(2017 Digital Health Summit)」邀請我國廠商與會事，請查照。

說明：

一、依據駐加拿大代表處經濟組本(106)年8月22日加經(17)字第10600002310號函辦理。

二、上揭來函略以，該研討會係由我駐加拿大代表處經濟組與渥太華大學心臟醫學研究院、渥太華投資署、加拿大自然科學暨工程研究委員會等單位合作，於本年10月2日在渥太華舉辦。

三、駐加經濟組表示，臺加雙方產業互補互利，合作空間極大。查加拿大鄰近美國市場，境內生醫市場規模高達200億美元以上，占全球市場約2%，排名全球前10大；加國業界擅長於產業創新且熟悉北美市場，惟普遍缺乏商品化經驗，我國廠商可利用優異之商品化能力，提供加商相關協助並藉機掌握北美市場未來發展趨勢。

四、檢附旨揭研討會議程草案資料，請卓參並踴躍派員出席。

Digital Health Summit [DRAFT]

University of Ottawa Heart Institute, Foustanellas Auditorium
October 2, 2017

The Digital Health Summit will bring together healthcare leaders, heath users, tech innovators, entrepreneurs, and investors from Canada and Taiwan to connect and discuss how digital technology (such as big data and artificial intelligence) can enhance patient care, improve efficiencies in the healthcare system, and stimulate economic growth.

GOALS

1. Connect healthcare leaders, tech innovators, investors and companies from Canada and Taiwan.
2. Identify potential innovative digital health, big data, imaging, and artificial intelligence solutions in the healthcare sector.
3. Create a community of data generators, data integrators, and data analytics for continued collaborations in digital health innovations.

PRELIMINARY SCHEDULE

Welcoming Remarks
Thierry Mesana, CEO, University of Ottawa Heart Institute (UOHI)
Sylvain Charbonneau, VP Research, University of Ottawa (uOttawa)
Ms. Mei-Hua Wang, Vice-Minister, Ministry of Economic Affairs, Taiwan (MOEA)

Plenary Sessions *(10-15 min presentations)*

- ***Industry trends in digital health***
  - Presenter: Michael Monteith, Super cluster lead
